Abhinand Hiremath

Haliyal, Uttar Kannada district, Karnataka · Age: 21
abhinandhiremath@gmail.com · 9964771864

Professional Summary

Detail-oriented and highly motivated Bachelor of Computer Applications (BCA) graduate with hands-on experience in machine learning, Python programming, and software development. Adept at leveraging artificial intelligence models, building cryptographic solutions, and developing IT applications. Seeking an entry-level position in Artificial Intelligence, Data Analytics, or General IT to apply technical skills in solving complex, real-world problems.

Education

Bachelor of Computer Applications (BCA) 2023-2026
Location: HALIYAL

Technical Skills

Programming Languages: Python, C/C++ (Basic), HTML/CSS, JavaScript
General IT & Software: Cryptography, System Module Planning, Digital Media Production (Video Editing, Graphic Design)
Tools & Frameworks: Git, VS Code, Jupyter Notebook
Soft Skills: Strategic Planning, Content Marketing, Problem Solving, Analytical Thinking

Projects

Image Classification Model using MobileNetV2

- Developed a machine learning model utilizing Python and TensorFlow for accurate image classification.
- Successfully implemented MobileNetV2 architecture, managing dataset downloads, model training, and performance evaluation.

Inscription and Description Using Semitraic

- Designed and developed a cryptography-focused software project addressing secure data encryption and decryption.
- Structured the project lifecycle from initial synopsis drafting to final module execution.

Extracurricular & Additional Experience

Content & Strategy Planning

- Prepared outlines and structured presentations on "Understanding Content Marketing and Strategy Planning" for professional seminars.

Digital Media & AI Editing

- Utilized AI tools for high-resolution image upscaling and background modification, alongside managing digital media production for events.
